I assume we need to call a special meeting. Should we try for Thursday or one day next week? Can MaST students and parents be contacted before our special meeting to be notified of the result of the commissioner vote? They are going to find out anyway...it might as well come from the school system.

You do have to officially vote, but the wording of the motion was along the lines of moving the money from MaST to the positions cut due to the ADM loss. We can get the language, but the motion was clear that MaST was to be unfunded locally.

We have a major change in our local budget. I have outlined this in an email I just sent and you will need this information prior to today's meeting. Please call if you have questions.
