Subject: Polling the Board - reply needed today

Good morning Mr. Bottoms asked me to poll the Board.

We are requesting a class size waiver from the individual class size maximum for one third grade classroom at Morehead City Primary School. This possibility was discussed in the areas of oversight this week. We are one child over the maximum. This one child moved into our district within the past month to increase the class to just over the maximum at 23 students.

Please let me know by **noon Monday, November 18th** if you are in favor or not of seeking this waiver by replying to this email or contact Mr. Bottoms.

We have to reply to NCDPI next week. Thank you for your time.
